

CORPORATE ACCESS PLUS⁵⁰⁰

Our **booster option** covers specific medical procedures, treatments, scans, and surgeries that some medical aid plans exclude. It also covers the **most often experienced in- and out-of-hospital** medical expense shortfalls for medical procedures that aren't excluded.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.

Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age. However, when a child dependant applies for their own medical aid membership, they must apply for their own policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually. Distance and online learning don't qualify.

We cover **5 or more employees** as an employer group if you join through your employer.

Ask your employer if your spouse and dependants may join. If your employer agrees, add them to your policy.

Premiums are determined by factors such as the size of the employer group, the average age, and whether cover is compulsory or voluntary.

BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)

An OPL of R 219 845 per insured person per year applies to the following benefits or any higher amount published by the Regulator during the year. All approved claim amounts will be deducted from the available OPL.

**ACCESS BENEFIT****IN- AND OUT-OF-HOSPITAL COVER**

Claim the cost of any medical procedure, treatment, scan or surgery listed below if your medical aid plan excludes it.

HOW IT WORKS

Our benefit helps with the cost of a planned medical procedure if:

- your medical aid plan excludes it from cover, or
- your plan only covers Prescribed Minimum Benefit (PMB) medical procedures, and your procedure isn't listed as a PMB.

PMBs are specific benefits your medical aid must provide for a defined list of medical procedures.

To claim, send us cost estimates from all your chosen providers, such as the hospital or day clinic, surgeon, and anaesthetist, along with a completed claim form.

We'll review the quotes. If approved, we'll issue a guarantee of payment to your providers as an undertaking to pay them directly after your procedure.

After your procedure, submit the final invoices. We'll settle them in the order received, up to the procedure benefit limit. Any costs above the limit will be for your pocket.

WHAT WE COVER

We'll cover the cost of your hospital admission and related provider fees, up to the procedure benefit limit.

Each benefit limit applies **per insured person per year**.

ILLNESS EVENTS
CHILDREN 10 YEARS OR YOUNGER
OUT-OF-HOSPITAL COVER

HOW IT WORKS

Visit any registered medical facility **within 24 hours** of an accident, such as the doctor's room or emergency unit at the nearest hospital, when anyone in the family requires medical treatment for bodily injury.

Children **10 years or younger** are covered for after-hours illness-related events at any registered casualty facility between **19:00 and 7:00** Monday through Friday and all day Saturday, Sunday, and public holidays.

We'll cover the **shortfalls** when your medical aid pays part of the cost of a casualty event from a **risk, insured day-to-day or block benefit**, or **refund the total cost** when paid from your **medical savings account or pocket**, subject to our benefit limit.

WHAT WE COVER

We cover all the healthcare and service providers' accounts related to a casualty event, typically including:

- basic and specialised radiology and pathology;
- co-payments;
- facility and doctors' consultation fees;
- medication administered during an event;
- external medical items received at the medical facility, such as a neck brace or arm sling; and
- follow-up visits related to accidental events, such as having stitches or a cast removed.

Limited to **R 4 000 per policy per year**.

GOOD TO KNOW

- If you're admitted to the hospital after being treated in the casualty or medical facility for an accidental-related event, or your child is admitted after being treated in the casualty facility for an after-hours illness-related event, the admission becomes a new medical event, and claims will be assessed based on the hospital admission.
- Our benefit applies even if your medical aid doesn't cover casualty events.
- You're covered from day one because this benefit isn't subject to any waiting periods.

BENEFIT NOT SUBJECT TO THE OVERALL POLICY LIMIT (OPL)

The following benefit isn't subject to the **OPL** because we give this benefit to you over and above those that form part of the **OPL**.

PAYOUT BENEFIT**ACCIDENTAL DEATH AND DISABILITY****HOW IT WORKS**

In the event of accidental death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life. Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.

In the event of the simultaneous death of the principal insured and spouse, the benefit amounts are payable to the principal insured's estate.

WHAT WE COVER

You and your spouse are covered for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

ACCIDENT...

means a sudden, unplanned and unexpected accidental event resulting in bodily injury caused by physical impact.

TOTAL AND PERMANENT DISABILITY...

means bodily injury resulting in complete and absolute disablement beyond hope of improvement, preventing an employed insured person from following their usual occupation or similar work for which they're suited by education or training.

If the insured person is an individual or pensioner who's not gainfully employed, total and permanent disability will mean the loss of both hands or feet, one hand and one foot, or the sight of both eyes.

GOOD TO KNOW

- You're covered from day one because this benefit isn't subject to any waiting periods.

BENEFIT & GENERAL EXCLUSIONS

Gap Cover works with your medical aid cover.

Gap Cover includes various benefits covering medical expense shortfalls for just about every medical eventuality.

Depending on the benefit's qualifying criteria, your medical aid must first pay a portion of the cost of a medical event before we step in and take care of the rest. However, not every medical event will qualify for benefits as policies are subject to benefit and general exclusions.

BENEFIT AND GENERAL EXCLUSIONS

Your **Gap Cover** policy offers many benefits, each with specific qualifying criteria. General exclusions apply to your policy and not only to specific benefits.

For more information about what you can and can't claim, refer to the **Benefit and General Exclusions** in the **Policy Schedule** or view the **General Exclusions** below.

Go to www.stratumbenefits.co.za/corporateaccessplus/ or scan the **QR code** to view or download the **Policy Schedule**.

GENERAL POLICY EXCLUSIONS

We don't pay claims related to:

1. events that occurred before your cover start date.
2. events during waiting periods, except for accidental events that occur after your cover start date.
3. line items that don't meet the South African medical coding standards, such as CPT, NHRPL, and ICD-10.

GENERAL POLICY EXCLUSIONS CONTINUED

4. events your medical aid pays as concessions, exceptions, or ex-gratia payments.
5. medical events for which pre-authorisation hasn't been obtained from your medical aid or when your medical aid's rules haven't been followed.

7. shortfalls that exceed the **500% GAP BENEFIT** your policy provides.
8. events your policy doesn't cover or provides an appropriate benefit to claim from.
9. additional shortfalls when your healthcare or service provider increases their fees after we've finalised your claim.
10. additional shortfalls when your healthcare or service provider agrees to a discount but increases their fee after we've finalised your claim.
11. costs for medical documents, such as scripts and medical reports.
12. split billing charges.
(These are upfront payments your healthcare or service providers may ask you to pay before your medical event. These amounts make up the providers' private fees and don't reflect on the accounts submitted to medical aid for payment. We assess shortfalls under our **GAP BENEFIT** when all charges reflect on your providers' accounts.)
